the Washington ESD Technology
Procurement Showcase!

SESSION SCHEDULE

Lunch served at noon

-  **Vendor Session: Translate Live (1:00 pm - 1:30 pm)**
 Title: How Translation Strengthens Classroom Engagement, Family Partnerships, & Schoolwide Communication
 Description: This presentation demonstrates how translation tools are transforming student engagement and improving teacher-family relationships. We'll review examples from districts using translation to support multilingual learners, streamline communication, and improve outcomes. Participants will learn strategies to implement translation solutions that scale across entire school systems.
-  **Vendor Session: Palo Alto (2:00 pm - 2:30 pm)**
 Title & Description: A look inside **The Next Generation of Security Automation Tools** with takeaway credentials for self-paced lab environment for:
 XDR + Security Automation | Attack Surface Management | Security Playbook Automations
-  **Vendor Session: Rhombus (3:00 pm - 3:30 pm)**
 Title: How Schools Are Tackling the Vape Epidemic & Elevating Safety
 Description: Join Rhombus as we share how K-12 districts are tackling the vape epidemic with smart sensors while strengthening campus safety through powerful features and integrations with partners like Raptor and nSide. Learn how districts are modernizing visibility and protecting students with Rhombus' full suite of education-focused solutions.

Happy Hour event at disclosed location directly following the Showcase.

These brands and more will be featured in the Technology Procurement Showcase.
