

What Is the Fellows' Network?

My Partner for Learning Solutions

The Fellows' Network is a group of instructional leaders who help school districts implement the state learning standards in mathematics, English Language Arts (ELA), and science, as well as the Early Learning Guidelines. It was established in 2013 by the Office of Superintendent of Public Instruction (OSPI) and the Association of Educational Service Districts (AESD).

Join us!

Our group is committed to...

- 1. content learning
- 2. instructional leadership; and
- 3. equity.

To be considered, you must apply. OSPI and AESD open the application process in the spring. We choose the Fellows by June 10 for the next school year.

To apply, work with your school principal/district leadership to review and sign the **Fellows' Assurance document**. It must be uploaded with your application.
