

Observation & Discussion of Mathematical Teaching Practices

June 18th - 22nd ♦ 8:00^{AM} - 2:30^{PM}

ESD 123 Cascade Room 3 | 3924 W. Court Street, Pasco

Be part of ESD 123's first ever studio-type professional development!

View a live classroom setting for the purpose of studying researched based teaching strategies that reach SWD and EL students.

This PD is designed to promote the use of the 8 Mathematical Teaching Practices and de-privatize the practice of teaching.

- Observe instructional strategies and student moves through the use of Zoom Technology to a live classroom
- Engage in high quality instruction
- Reflect on your own practices
- Align to the Mathematical Practice Standards

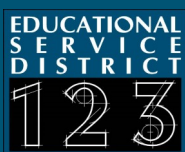

Elementary Classroom Focus

Presented by Brenda Dunn

32.5 STEM Clock hours

Cost: \$125 - Lunch Included

***Training qualifies for the iGrant Form Package 843 for schools identified for Comprehensive Support**
