

# Fire and Our Future

**What is the connection between climate change and fires? How will climate impact Eastern Washington communities in the near future?**

Washington Green Schools and ESD 123 are convening scientists and educators to investigate climate science topics, make connections to local climate-related phenomena like the impact of fires on the shrub steppe, and identify Next Generation Science Standards learning opportunities for K-12 students.

## Fire and Our Future

- 6 STEM Clock Hours
- First 15 registrants receive sub reimbursement

Friday, March 8th

8:30 a.m. - 3:30 p.m.

REACH Museum  
1943 Columbia Park Trail  
Richland, WA 99352

## Featured Scientist

Dr. Heidi Roop

Dr. Roop's professional mission is to improve the reach and impact of climate science in order to engage, motivate, and catalyze action around climate change.
