

Math Manipulatives in the Elementary Classroom

Tuesday, March 19th

4:00-7:00 PM

Clarkston School District

Board Room,
1294 Chestnut St.

(Parking in in the rear at the
East end. Enter and come
straight up the stairs.)

Cost: Free

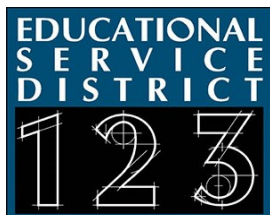

3 Clock Hours/TPEP Hours
available to purchase

Join us for a workshop focused on using math manipulatives that support students' cognitive process and improve student understanding.

Participants will:

- Receive and discuss research around math manipulatives
- Discuss how manipulatives can be used as formative assessments
- Experience hands-on activities using manipulatives
- Have time to explore lessons that connect to intended outcome

**Register online today at
